

Welcome to the SysBioCube

Getting Started with a New Account

We are pleased you have taken the first step to set up an account and become a registered user. The following form should only be used for those interested in becoming registered users for ongoing/active SysBioCube Studies. If you wish to start a new study, download the **Getting Started – NEW STUDY** form from the [SysBioCube SOP Documents](#).

To get started with a new account, fill in the form below then have the study lead PI sign in the appropriate field (electronic signature preferred). Return completed form to Chris Wolcott at chris.wolcott@nih.gov.

Name (First & Last): _____

Email: _____

Email address must be affiliated with organization/institution. Personal emails (i.e., Gmail, Yahoo, etc.) are not allowed.

Phone: _____

Organization/Institute: _____

Location (City, State): _____

Study: _____

Be sure the study name matches the SysBioCube Study Name. It is best to confirm this information with the lead PI.

Lead PI Name: _____

As a lead PI, I hereby approve giving access to data for the study called _____, to the individual designated in this form

for an unlimited period of time or until I revoke access. I understand that by signing and authorizing this form, I am responsible for ensuring this individual has been appropriately trained to work with the project data, has the right to access the data and I have the authority to grant such access.

I designate the individual should have access to data as follows:

All Study Data

Limited Study Data

For limited study data access, please provide details on access limitations defined by metadata parameters (e.g., Strain, Species, Group, Experiment, Data Type, Tissue):

Lead PI Signature: _____

Note: If signed manually, rather than in Adobe, please be sure to include a date.

This application has been reviewed by a SysBioCube administrator and approved. The signature below indicates the account was created as requested.

SysBioCube Team Signature: _____
